☒ Examiner's Statement of Reasons for Allowance

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

As discussed by applicant at page 3 of the instant specification, Derwent Abstract 92-033196 does not disclose solutions comprising 1.5 mg/ml of tamoxifen citrate. Rather, it discloses suspensions, as is clear from the solubility studies presented in the instant specification from page 5, line 20 to page 6. Additionally, the reference does not disclose tamoxifen citrate, but rather tamoxifen per se, and thus does not recognize the crystallization problem specific to the latter which has been unexpectedly solved by applicant (page 2, lines 10-26).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
